

HEAVY DUTY JACKS THE PROFESSIONAL'S CHOICE

A perfect match for the mining and construction industries.
Strong and versatile but easy to manoeuvre and position.

Secures extremely stable heavy duty lifting combined with a
high level of safety and minimal strain for the operator.

MODELS

100-1L / 150-1L

100-1 / 150-1

100-1H / 150-1H

KEY FEATURES

1 ALL STEEL CHASSIS

All steel, heavy duty chassis built to withstand extreme conditions and ensure a long product lifecycle

2 EASY TO MANOEUVRE

Large rubber tyres make the jack easy to maneuver and position

3 MULTIPLE POSITION HANDLE

Multiple position handle for optimum working conditions and minimal strain for the operator

4 HIGH LEVEL OF SAFETY

Optimum operator safety is ensured via a range of safety measures, e.g. safety valve and deadman's control

5 EXTREMELY STABLE

High quality air hydraulic unit secures extremely stable heavy duty lifting

6 EASY TO HANDLE

2 lifting eyes and tilt-back handle position for easy jack handling and transport

✓ MADE IN DENMARK

Built to the highest quality standards which guarantees you a safe and efficient operation and long lifecycle

OPTIMIZE WITH ACCESSORIES

FHD100 EXTENSION

Increases the maximum height by 100 mm

FHD200 EXTENSION

Increases the maximum height by 200 mm

HHD EXTENSION HOLDER

Stores your extensions on the side of the jack for easy access

SBS2 SET OF LOCKING RINGS

Ensures optimum operator safety. Complete set for model 100-1L / 150-1L with two locking rings and holder for easy storage on the jack

SBS4 SET OF LOCKING RINGS

Ensures optimum operator safety. Complete set for model 100-1 / 150-1 with four locking rings and holder for easy storage on the jack

SBS6 SET OF LOCKING RINGS

Ensures optimum operator safety. Complete set for model 100-1H / 150-1H with six locking rings and holder for easy storage on the jack

SB65 LOCKING RING

For mechanical locking of the load and optimum operator safety - 65 mm

SB100 LOCKING RING

For mechanical locking of the load and optimum operator safety - 100 mm

SB150 LOCKING RING

For mechanical locking of the load and optimum operator safety - 150 mm
