EHB® for agricultural vehicles

## Mobile columns

Wired with 400V power supply  
or wireless with batteries

- + Mobile and universal use.
- + Practical and easy maneuverability of every column, short set-up time and fast lifting speed.
- + Adjustable wheel forks for different wheel sizes ( $\varnothing$  550 - 2500 mm).
- + Hydraulic drive, totally insensitive, minimum maintenance required.

### Column EHB705V20-PR288 cable version

Capacity: 5 t  
Load support: Wheel fork, adjustable for wheels  $\varnothing$  550-2000 mm, length 600 mm  
Lifting stroke: 1700 mm  
Lifting/lowering: Approx. 110 sec.  
Communication: Interconnect cable 10 m, closed circuit  
Cable connection: 400V / 3Ph / 50Hz / 16A, 10 m cable

### Column EHB905V20DC-PR450 wireless version

Capacity: 5 t  
Load support: Wheel fork, adjustable for wheels  $\varnothing$  550-2000 mm, length 600 mm  
Lifting stroke: 1750 mm  
Lifting/lowering: Approx. 90 sec.  
Communication: Wireless, via radio control  
Power source: Batteries 24V / 80 Ah

### Column EHB707V25DC-PR407 wireless version

Capacity: 7 t  
Load support: Wheel fork, adjustable for wheels  $\varnothing$  550-2500 mm, length 700 mm  
Lifting stroke: 1700 mm  
Lifting/lowering: Approx. 140 sec.  
Communication: Wireless, via radio control  
Power source: Batteries 24V / 80 Ah

EHB705V20-PR288 (4 x 5 t)

EHB707V25-PR407 (4 x 7 t)
