-FOR DRAWER CABINETS WITH WHEELS

Plastic boxes

Plastic trays

Steel dividers 3 x 148 mm.

Steel dividers 4 x 110 mm.

Dividers – Many Options

For the mobile drawer cabinet, there are various divider options available.

- Plastic Boxes
Available in sets to divide the drawers into 9, 18, or 36 plastic boxes, or as individual plastic boxes in three different sizes.
- Plastic Trays
Each drawer can hold 9 plastic trays, each with 2, 3, or 4 compartments. Partition walls and label holders are available for all widths.
- Steel Dividers
Available in sets to divide drawers into 6 or 8 compartments, with the option to purchase additional partition walls for more compartments.

Modules & Solutions

FLEXIBLE AND MODULAR

BlikaLine is a modern, visionary product line

– where quality, aesthetics, and functionality go hand in hand. The modular design allows you to combine different versatile storage solutions in countless ways, so you can tailor your setup – whether it's for a workshop, production area, or other industrial use.

The series is designed with a uniform and sleek appearance, ensuring all modules work in harmony both visually and functionally. All cabinets are delivered with adjustable feet, allowing easy height adjustments as needed. This makes it easy to create a solution that fits your exact needs – and one that can be adapted and expanded over time.

Here are four examples of how a finished solution might look in practice – using different combinations of functional and flexible modules. The series includes, among other things, mobile drawer cabinets with 100% drawer extension, drawer stops for safe use, and a load capacity of up to 45 kg, with optional drawer dividers. Additionally, robust material cabinets are available with a load capacity of 600 kg, including four movable galvanized shelves, ideal for storing tools and materials in workshops, warehouses, or other industrial settings.

The BlikaLine series offers a wide range of supplementary products that can easily be added when needed. These include overhead cabinets, oil-air cabinets, computer cabinets, and much more – all with the same consistent design and high quality.

Our 4 Solutions:

- **BlikaLine 1 - The Basic Solution:**
2 tool cabinets (small), mobile drawer cabinet, and worktop.
- **BlikaLine 2 - The Extended Solution:**
Tool cabinet (small), stationary and mobile drawer cabinets, worktop, and a narrow tool cabinet.
- **BlikaLine 3 - The Optimized Solution:**
Tool cabinet (small), waste cabinet, mobile drawer cabinet, worktop, tool cabinet (large), and tool panel for rear wall.
- **BlikaLine 4 - The Complete Solution:**
Large work surface, stationary and mobile drawer cabinets, tool cabinet (large), waste cabinet, tool cabinet (large), and 2 tool panels for rear wall.

Blika offers professional guidance and helps you find the right components for a functional and well-organized solution.
